Mass Movement, Volume 1

Tim Cundle

A compilation of Mass Movement zine interviews and features from the last twenty years.

Foreword by Vique 'Simba' Martin – Simba Zine

Mass Movement Volume 1,
1st book of a 2-book collection.

A compilation of the best interviews and features from the first half of Mass Movement's digital period. Some of you have probably seen a lot of it before, but I'm willing to bet that for the majority of you, this is the first time that you've seen most, if not all, of this content. And you know what? It's good. It's really, really good and while I'm happy, well as happy as a miserable old bugger like me can be, that this content is finally available again, what I'm genuinely thrilled about is that it shows how varied Mass Movement Magazine was and captures the spirit and essence of everything Mass Movement is and, probably, always will be.

"This collection is diverse, passionate, and interesting. It will help preserve this periods history on so many aspects of different sub-cultures – but all from a punk perspective".

- Vique Martin, Simba zine

Tim Cundle stumbled into the punk scene sometime in the mid 1980s and his life has never been the same since. Having worked as a riflery instructor and drug counsellor and studied both English Literature and Behavioural Science at University, he decided his career lay down a different path and, having written for the local newspaper since he was fifteen, did what most aspiring writers do. He became a journalist. Currently the editor of Mass Movement Magazine, he has also contributed to, and written for, Doctor Who Magazine, Big Cheese, Fracture and many other publications.

After singing with two Hardcore bands, Charlies Family Crisis and AxTxOxTx, he now considers that chapter of his life to be closed and the chances of him playing with another band are slim to non-existent. Tim lives in a small, sleepy Welsh village with his wife Emma and daughter Siobhan.
